I'm a passionate and driven **full stack application developer,** thriving on problem-solving, continuously refining my skills to stay ahead of industry trends. With a strong work ethic and a commitment to delivering quality results, I'm ready to contribute, tackle challenges, and build my expertise in web development.

IT Projects

MONGODB DATABASE APPLICATION   *01/ 2025*

- Built a backend application using **Bun.js** as the JavaScript runtime and **Hono.js** as the framework for high-performance routing.
- Designed and managed a **MongoDB** collection in MongoDB Compass, implementing Mongoose for schema validation.
- **Developed CRUD endpoints** with data validation, ensuring secure and efficient database operations.

MERN STACK APPLICATION   *01/ 2025*

- Developed a safety compliance tracker using the **MERN stack and SQL** for efficient data management and retrieval.
- Implemented both **frontend and backend functionality**, ensuring seamless integration and user interaction.
- **Collaborated in a team environment**, contributing to system architecture, problem-solving, and feature development.

CHINOOK DATABASE APPLICATION   *11/ 2024*

- Developed **RESTful API's** using **Express.js**, enabling users to perform CRUD operations efficiently.
- Integrated **SQL database** to manage and store user data securely with optimized queries.
- Implemented **backend logic for data validation**, authentication, and seamless user interactions with endpoints.

Previous Experience

City Of Ottawa - Video Editor (Team Lead)   *Jan, 2024 - April, 2024*

- Led a promotional video project, handling planning, filming, editing, and client coordination.

The Bigger Picture Films – Video Editor   *Nov, 2022 - May, 2023*

- Edited commercials, social media content, and long/short-format videos while managing file organization and on-set sync.

Only Much Louder – Social Media Artist Manager   *June, 2021 - Oct, 2022*

- Created and edited social media content for artists, stand-up shows, and OTT platforms while organizing media assets.
